

MEMBERS ARE LAYING NEW PLANS

Democrat Members of Congress Will Hold Caucus Tonight

NEW COMMITTEE OF TEN

Created by Norris Resolution Have Hard Row to Travel.

Washington, March 21.—The house resumed work this afternoon as peacefully as a prayer meeting, with Uncle Joe in the chair. Only routine business was transacted.

Insurgent leaders believe one result of last week's revolution will be a full discussion of the so-called Taft legislation program on the floor.

"No matter how the new committee on rules is constituted," said Norris today, "it has been settled that the house can decide for itself what it wants to do. I believe that last week's victory is a step towards the fulfillment of the platform pledges of the republican party. As to the so-called Taft program many of us claim to decide for ourselves, the form that proposed legislation shall take."

Washington, March 21.—Having shaken off the daze that followed the explosion in the house Saturday—and incidentally having caught up on a couple of nights lost sleep, members of congress set about laying plans today to meet conditions created by the new rules.

Big members among the regulars dropped into Speaker Cannon's private office to talk over things in anticipation of the republican caucus at which the republican members of the committee will be selected. Champ Clark, Democratic leader, was much sought in his room on the ground floor of the capitol by colleagues who chortled over the outcome of the resolution and left a few ideas regarding the Democratic caucus tonight. Different varieties of insurgents met under their respective colors to survey the field and forecast the future as far as their prophetic powers would allow.

The possibilities in the working out of the new rules open a wide field for gossip and speculation. For one thing, it is generally agreed that the committee of ten created by the Norris resolution will have a hard row to travel. Delicate and difficult questions of the highest importance will be put to the committee for decision and it will require a fine grade of judgment to solve them while at the same time conserving the interests of the government, the party and the people. It is said that the present Cannon committee on rules has in its possession twenty-three measures upon which no action has been taken. These have been suppressed because the speaker has considered the projects they propose to be bad policy or bad politics. Among the resolutions is one introduced by Representative Fish (Rep.) New York, reciting that government parcels post systems are in successful operation and directing the house committee on postoffices to inquire into the feasibility of establishing such a system in the United States and report to the house within thirty days.

Other resolutions held by the committee are of interest to numbers of congressmen who are curious to learn whether the new committee on rules being elected by the members of the house will be more liberal with its reports than its predecessor.

It is possible that the committee may suffer from the optimism of people who are expecting too much all at once from the change in the rules.

In the past much of the bad legislation and all of the strangled good legislation has been changed against the speaker and his committee on rules. As it is not probable that under the new conditions every one is going to set all the legislation he desires and none other, the committee is quite likely to come in for a good deal of criticism to the effect that it is "no better than the old committee." The committee on rules will consist of six republicans and four Democrats to be chosen by party caucuses. The Cannonites will have an overwhelming majority in the republican caucuses and a barring question with them concerns the representation they shall give the insurgents. One insurgent acting with the Democrats would deadlock the committee and two insurgents would give the allies control. Another possibility is that the insurgents if dissatisfied with their treatment in the republican caucuses might rally their Democratic friends in the house, turn down the republican caucus slate and elect a suitable committee. There are among the insurgents some who are indifferent as to their representation on the committee if its members are not chosen from the speaker's kitchen cabinet.

They say they fought to remove control of legislation from Speaker Cannon and all they ask is a committee that will fairly represent Republican sentiment in the house and give a fair chance to all.

As the Cannon men will control the Republican caucus the names most frequently mentioned as likely to figure in the list of chosen ones are, naturally, Payne, N. Y.; Dalzell, Pa.; Smith, Ia.; Tawney, Minn.; Mann, Ill.; Vreeland, N. Y.; McKinley, Ill., and others closely associated with him in the management of the house. Dalzell and Smith are members of the present committee.

Prospective Democratic members of the committee mentioned are Clark, Mo.; Underwood or Clayton, Ala.; Fitzgerald, N. Y.; James, Ky.; Hay, Va.; Howard, Ga.; or Henev, Texas. If the insurgents have representation on the committee it is thought that one of the places will be offered to Norris of Nebraska author of revolutionary resolution.

BRIBERY

CHARGES IN CONNECTION WITH THE ELSON BILL TO BE THOROUGHLY INVESTIGATED.

Senate Will Probably Take Governor's Message on Lobbyism From the Table.

Columbus, March 21.—Speaker Moore has become the leader in the movement to make the legislative investigation into the charges of bribery in connection with the passage of the Elson telephone bill a thorough and far reaching one. He has drafted a resolution for an investigation by a joint committee of both houses with full power conferred to examine under oath every member and employee of the house.

It is believed the Senate this evening will vote to take from the table the governor's message on lobbyism. Senator Beatty will introduce in the Senate this afternoon a resolution excluding from the lower floor of the Senate chamber everybody except senators, Senate employees, newspaper men and members of senatorial families.

The Smith bill to fix a tax limit will be reported out by the special committee this afternoon. The basis will be that the one per cent limit shall be so relaxed that the taxing district shall not be restricted to taxes less than were levied in 1910, with a chance for a slight increase each year.

Because it was necessary to take the books of the Ruggles-Gale company before the grand jury again today there was no hearing before the Beatty probe committee.

It was made evident today that before the legislature gets through with its inquiry into the Elson telephone bill scandal, Elson himself will be called upon to explain the authorship of the bill.

In defense of the bill, he said today, "I drew that bill myself; if unscrupulous persons came in behind me and tried to corrupt members of the legislature, I sincerely hope those persons will be punished."

CREWS LOST WITH BOATS

Lisbon, Portugal, March 21.—Four fishing boats with a combined crew of 32 were lost today in a storm along the Portuguese coast. Five bodies have been washed ashore.

WILD RIOT IN CHAMBER

Budapest, Hungary, March 21.—In a wild riot in the chamber of deputies today, Premier Hedevaray was injured by being struck on the head with a heavy book, and the secretary of agriculture was seriously hurt by an ink pot. The disorder, precipitated by the opposition party, was the most serious of recent years, and developed into a free-for-all fight before police restored order. The dissolution of parliament caused the trouble.

ANCIENT CITIES OF THEBES

Being Visited Today by the Roosevelt Party

MAIL HAS ACCUMULATED

Ex-president Calls on the Newspaper Correspondents to Help Him Out.

(By Staff Cor. U. P.)

Shellal, Egypt, March 21.—Col. Roosevelt is so overwhelmed by mail and telegrams that today he drafted into service the correspondents who are traveling with him, to help clean up the huge accumulation. It will be absolutely impossible for Mr. Roosevelt to answer personally the hundreds of letters that he has received since emerging from the jungle, and he asked your correspondent to tell his American friends through the United Press that they must take the thought for the deed and consider that, though unanswered, their messages have been appreciated.

The Roosevelt started at 10 this morning for Luxor, the site of the ancient cities of Thebes, where they are due to arrive at 3 o'clock this afternoon. The trip is being made on a regular train that is lacking in many of the conveniences of the special that carried the party from Khartoum.

There are so many interesting things to be seen in Luxor that a stay of two full days will be made there. The ancient temple of Amenphos III., built in the 18th dynasty, still stands and presents one of the most interesting sights in Egypt. The temple is 750 feet long. Then there are other temples and obelisks to interest the visitors. Dr. McClenahan, of the Asut Mission, who met the party at Assouan, is making the trip to Luxor as the guest of Col. Roosevelt. The doctor is a profound student of Egyptian questions and will be with the party in its inspection of the Luxor attractions. Many Americans are in Luxor and word from there says they are planning to give the colonel a characteristic welcome and show him how three cheers and a tiger should be given. The inspection of the Assouan dam aroused Colonel Roosevelt's interest in the conservation movement in Egypt and he took occasion to remark on the similar work in America. Here the correspondents thought he might possibly let slip a reference to the Ballinger-Pinchot controversy, but he fooled them, just as he has on a half dozen other occasions. He has had a good opportunity, too, in his Egyptian travels, to study government owned railways and telegraphs, but the impression they have made on him he is discreetly keeping to himself.

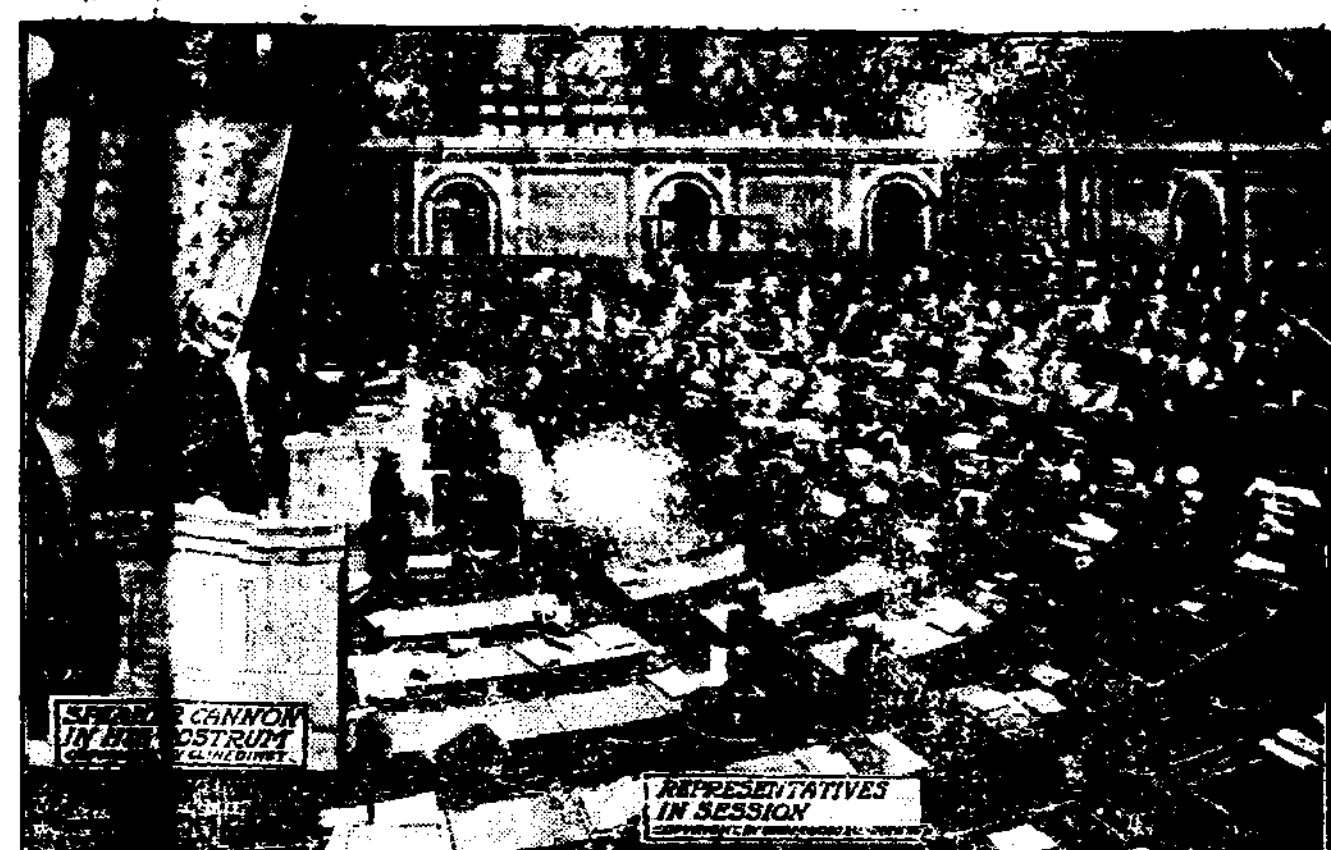

HEAD OF OIL COMPANY DEAD.
Cincinnati, March 21.—Pres. Moore of the Charles H. Moore Oil company, one of the largest oil companies in the state died here late last night.

SPRING ARRIVED TODAY

WERE YOU DISAPPOINTED?

MEN IN CONGRESS WHO HAVE BEEN FIGHTING FOR AND AGAINST CANNON.

CONFESSES TO GRAFTING

Pittsburg, March 21.—Five former city councilmen and one present member today confessed to Judge Fraser in open court of having been connected with councilmanic grafting. The men will be identified this afternoon and sentence suspended.

The men who confessed are: Taos, F. McGrath, who declared he received \$150; Jas. N. Purcell, \$200; N. F. Savage, \$200; John Rothplatz, \$1500; Wm. Richey, \$100 and J. H. Sheasley, \$200.

COMPANIES INDICTED

Chicago, March 21.—Indictments that charge the National Packing company and its subsidiary companies with operating a combination in restraint of trade were returned by the federal grand jury this afternoon. No indictments against individuals were returned.

Simultaneously the government filed a bill in chancery in the United States Circuit court asking for the dissolution of the National Packing company.

IMMENSE SUMS FOR LEGISLATIVE WORK

New York, March 21.—That George Sheldon, late president of the Phoenix Fire Insurance company in New York, collected immense sums each year from other fire insurance companies to be used in "legislative work" in addition to immense sums paid lobbyists and lawyers, was brought out at today's hearing of the fire insurance investigation by Attorney Hotchkiss. One insurance manager on the stand today testified that he paid Sheldon \$25,000 in 1907 and a similar sum in 1904, without the slightest knowledge of what Sheldon did with the money except that it was for "legislative work."

CAR MEN REFUSE A SETTLEMENT

Pittsburg, March 21.—The union of 100 to 125 car men refused an offer of \$100,000 for a settlement of the strike today.

KING DID NOT LEAVE ROOM

London, March 21.—Despite today's favorable report regarding the condition of King Edward the fact that the King did not leave his room yesterday has thoroughly alarmed the people and the official reports are far from reassuring.

CONFESSES TO GRAFTING

FORTY-TWO KILLED IN PASSENGER TRAIN WRECK

Des Moines, Ia., March 21.—A doubleheader Rock Island passenger train went into the ditch today at Green Mountain, Marshall county, and 42 were killed and nearly twice as many injured.

The wrecking trains from Waterloo and Marshalltown are on the scene and scores of doctors from the country nearby have been rushed to the wreck in automobiles. Both engines were wrecked and three coaches filled with people were piled upon them. The entire mass caught fire. The relief trains have been loaded with injured who are being taken to Marshalltown. Many homes have been thrown open and made temporary hospitals.

One of the passengers telephoned this afternoon that 35 dead bodies had been placed along the track. None of the dead has been identified.

FORMER BANKER

Charged With Horse Stealing, Assaults Turnkey and Escapes From Elyria Jail.

Elyria, March 21.—Robert Green, former banker, charged with being a horse thief, and George Wolf, a youth, failed on the same charge, escaped from the county prison here this morning.

Green attacked Turnkey Van Dusen with an iron bar, which he detached from his bank. He failed the turnkey with a blow over the head, took his keys and revolver, freed Wolf, and the two left the jail without detection. The sheriff, discovering the escape this morning, organized a posse of deputies and is in pursuit. Van Dusen's skull is fractured, and it is thought he will die.

Elyria, March 21.—Wood was captured this afternoon at Chestnut Ridge. Green is still at large.

GAS MAIN

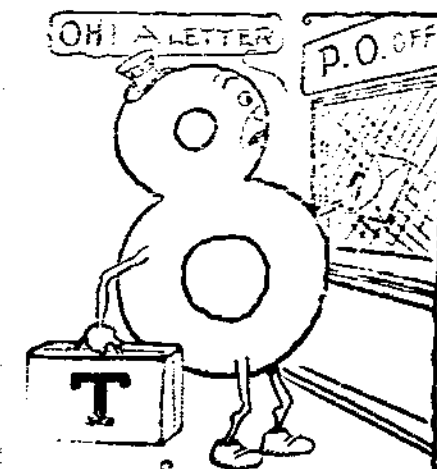

Burst in Middle of River and Sparks From Engine Cause Explosion.

Cumberland, Md., March 21.—The main pipe of a natural gas company burst in the middle of the Potomac river here today. Sparks from a

switch engine ignited the gas and an explosion followed, which blew the engine from the tracks. John Close, the fireman, was probably fatally injured.

The gas is still burning and it will probably be necessary to cut off the entire supply before it can be extinguished.

WHAT IS IT?

What vegetable? Answer to Saturday's puzzle—A sparkling plug.

OPERATED GIGANTIC SWINDLE

Men Found Guilty of Use of Mails Must Go to Prison

ALL ARE HEAVILY FINED

Combination Organized Ten Years Ago and Receipts Have Exceeded \$3,000,000.

Council Bluffs, Ia., March 21.—John C. Mabray and ten other leaders of the famous Mabray swindling gang were sentenced to two years in the federal penitentiary at Ft. Leavenworth and fined \$10,000 each by Judge McPherson here today.

Council Bluffs, Iowa, March 21.—John C. Mabray and 13 of his associates, who for 10 days have been on trial in the United States district court, charged with illegal use of the mails in connection with an extensive swindle, were found guilty by the jury yesterday. In the case of Robert E. L. Goddard, of San Antonio, the fifteenth defendant, the jury disagreed.

Those convicted are John C. Mabray, Leon Loser, Tom S. Robinson, Willard Powell, Clarence Glass, Edward Leach, Edward E. Monds (colored), Clarence Forbes, Harry Forbes, Frank Scott, Ed McElroy, Winford S. Harris, Bert R. Shero and Wm. Marsh.

The defendants accepted the verdict without display of feeling, and Mabray shook hands with several of the jurors after they were discharged.

Mrs. Mabray broke down when the verdict was read and her husband attempted to console her. She left the room, however, still weeping.

Two years' imprisonment and a fine of \$10,000 is the maximum penalty that may be inflicted by the court.

Robert Goddard is still under indictment, and will be tried again. All the defendants were looked up immediately after the jury received their instructions. Twelve of them had been out on bond until that time.

Colonel Temple, the district attorney, said today he would probably move for the dismissal of Louis R. Stowe, the Minneapolis man charged with being a member of the conspiracy.

With the conviction of these defendants the government believes it has broken up the most monumental swindling combination that has ever operated.

Statistics have been gathered that show that the receipts of the combination since its organization about 10 years ago to have exceeded \$3,000,000.

The success of the government in bringing the defendants to trial was due largely to the capture when Mabray was arrested, of a trunk found in his home, which it was later ascertained contained a complete documentary record of the transactions of the combination for a period of four years.

A loose-leaf pocket ledger was one of the documents thus secured. It contained the names and addresses of more than 200 persons who acted as go-betweens in various transactions. They lived in nearly every state in the Union.

There were 14 branches in various parts of the country, all operated from one city. The headquarters were moved from time to time as the leaders came under surveillance by the authorities.

Foot racing, wrestling, prize fighting, horse racing and wire tapping were the specialties offered victims which to make "easy money." The victim usually was first approached by an actual friend, who had been previously solicited by a regular "steerer," as he was known.

In most instances representations were made that the "steerer" of a cousin who was secretary of a college of men of great wealth who were traveling over the country for pleasure. The victim was told that this "secretary" was angry at some alleged ill-treatment and had undertaken to swindle his employers out of a large sum of money.

The victim was invited to assist, and when he accepted was in turn swindled on a sporting event, which proved to be "fixed" against him instead of in his favor.

Swamp as Well as Men are Made Miserable by Kidney and Bladder Trouble.

Kidney trouble preys upon the mind, discourages and lessens interest; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine smells the flesh, or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depending upon the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of Swamp-Root is so pronounced. It is sold by druggists, in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a pamphlet telling all about Swamp-Root. It has been recommended by thousands of testimonials received from sufferers who found Swamp-Root to be just the remedy needed. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper. Don't make any mistake, but remember the name, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

PALM SUNDAY THE LOST OPPORTUNITY

Text: "If thou hadst known, even thou, at least in this thy day, the things which belong unto thy peace! But now they are hid from thine eyes" (Luke xii. 42).

Little did the Jews understand the importance of the day to them of the event which Christians commemorate on Palm Sunday. It was a remembrance of the incident occurred at the close of our Lord's ministry. It was a day of great significance. It was a day when the Jews, who were so proud of their lineage, were to be reminded of their true identity. It was a day when the Jews, who were so proud of their lineage, were to be reminded of their true identity. It was a day when the Jews, who were so proud of their lineage, were to be reminded of their true identity.

The next morning, the first day of the week, corresponding to our Sunday, Jesus made ready for his triumphal entry into the city of Jerusalem as the Jewish King, according to the custom of the Jewish kings riding upon an ass and hailed and acclaimed by the people. The incident had been foretold by the Prophet Zechariah in great detail, saying, "Rejoice greatly, O daughter of Zion; shout, O daughter of Jerusalem; behold, thy King cometh unto thee: he is just, and having salvation; lowly, and riding upon an ass" (Zechariah ix. 9).

Prophecy Must Be Fulfilled.

When the apostles had brought the ass and Jesus sat thereon, the large concourse of people which had come from Jerusalem to see Jesus because of his avouching of Lazarus' resurrection, they were filled with enthusiasm and, after the manner of the time, some broke off palm branches for the ass to step upon; others laid their garments in the way and thus formed, as it were, a carpet in the road leading to Jerusalem near by. The shout of the people was just as the prophet had declared. They hailed Jesus as the promised Son of David, the Messiah whom they waited for. On previous occasions, when they sought to make Jesus a king, after witnessing his marvelous works, he withdrew himself from them, to wait for their order to cool, knowing that the Father's time was not yet due. But now he knew that his hour was come and hence, instead of withdrawing, he helped on with the enthusiasm by sending for the ass, etc. Prominent sectarian Jews present, although unable to account for the miracle, were unprepared to think of Jesus as the true Messiah, or anything short of an impostor in that role. When these heard the multitude shouting and addressing Jesus as the Messiah they were offended and sent word to Jesus that he should restrain the low rent people who were thus acclaiming him.

But instead of forbidding the acclaiming of Jesus he said that it was the voice of God, that because the Prophet Zechariah had said, "Shout, O daughter of Jerusalem; therefore there must be a shout. If the people had not shouted, rather than have this prophecy fulfilled, Jesus said the very words which have been fulfilled.

Thus, in Jerusalem, Jesus fulfilled the prophecy of Zechariah at the time of the Palm Sunday. The Jews, who were so proud of their lineage, were to be reminded of their true identity. It was a day when the Jews, who were so proud of their lineage, were to be reminded of their true identity. It was a day when the Jews, who were so proud of their lineage, were to be reminded of their true identity.

After these four years of faithful preaching throughout the land, and the knowledge of the Jews, who were so proud of their lineage, were to be reminded of their true identity. It was a day when the Jews, who were so proud of their lineage, were to be reminded of their true identity. It was a day when the Jews, who were so proud of their lineage, were to be reminded of their true identity.

centuries. Thank God the day is near at hand, when at the second coming of Messiah, his Kingdom shall be turned over to them. And then, as he declares, they will be glad to say, "Blessed is he that cometh in the name of the Lord." The long centuries of persecution and separation from the favor will have brought that people to a humbled condition of heart, where they will be glad to receive of Divine grace and love. To this great event St. Paul refers in his Romans vi. 22-23.

With such a prospect before us, it is not surprising that the Kingdom of Israel was just as eagerly desired as the Kingdom of the Jews. It was just as eagerly desired as the Kingdom of the Jews. It was just as eagerly desired as the Kingdom of the Jews.

It is not surprising that the Kingdom of Israel was just as eagerly desired as the Kingdom of the Jews. It was just as eagerly desired as the Kingdom of the Jews. It was just as eagerly desired as the Kingdom of the Jews.

"Exultate For Your Sins."

St. John explained particularly the fact that the rejection of the Jewish nation, because of their rejection of Messiah, did not apply to all the individuals of that nation. As the Prophet Isaiah had foretold (Isaiah li. 1-3), there was a small, faithful remnant or "remnant." This remnant accepted Christ and were by him accepted and became the nucleus or foundation of Spiritual Israel on the day of Pentecost. Thus we read, "I came unto his own nation and his own people received him not as a nation; but to as many as received him, to them gave he liberty; to whom he believed on his name which were gotten not of blood, nor of the will of the flesh, nor of the will of man, but of God"—at Pentecost (John i. 11-13).

Thus so far as the spiritual part of God's great promise to Abraham is concerned it has passed from the Jewish nation; but there still remains for them a glorious earthly portion, to which they will be introduced at our Lord's second coming. Then their sins will be cancelled, and as a people the Hebrews will return to Divine favor and will inherit the earthly features of the promise made to their fathers. Then, through them, God's blessing will be extended to all nations and peoples under Israel's New Covenant, which will then become operative at the hands of their great Mediator—the Christ, the Messiah in glory. But by that time the election of the saints of this Gospel Age will be complete and the Messiah in glory will include Jesus the Head and the Church his Body—joint-heirs with him in his Kingdom—joint-heirs with him in the spiritual features of the great Abrahamic promise (Galatians iii. 29).

All this is clearly stated by the Apostle in Romans xi. 25-26. But somehow our eyes of understanding as Christians have been blinded so that, until of late, we have not seen these things and, therefore, these heights and depths of Divine Love and Wisdom and arrangement. The fact that we now see these things is a corroborative evidence that they are high at hand, just, so it was at our Lord's first advent. Many things pertaining to that time were completely hidden until the time of their fulfillment came, and then only the "Wise Virgins" were so blessed, so assisted, that they retained their lamps effectively and were enabled to see these heights in the Divine Plan.

The Time of Our Visitation.

Apparently very few of God's people, until recently, have noted the fact that Spiritual Israel has had a parallel history to that of Natural Israel. Few have seen that these are dealt with all through the Scriptures as type and antitype. Few have noted that from the death of Jesus to the death of Jesus, there is a parallel of 1,900 years between the death of Jesus and our day. Few have noted that in both cases there is a remnant and a great Israel. The great Jewish system was destroyed and the Jewish people were scattered. The Christian system will be destroyed and the Christian people will be scattered. The Jewish people were scattered and the Christian people will be scattered. The Jewish people were scattered and the Christian people will be scattered.

As there was a special period of testing and trying at the close of the Jewish Age, lasting for forty years, so the Scriptures clearly indicate, there is a special sitting and testing due to come to Christendom during the closing forty years of this Gospel Age before the inauguration of the glorious Millennium. As the trials and tests come upon the Jews in a subtle manner, to test their faith and obedience, so even more subtle tests we expect will be connected with the trials and tests in the harvest time of this Gospel Age. Of this time the Lord through the prophet said, "Who

may abide the day of his presence, and who shall stand when he appeareth for he is like a refiner's fire and like fuller's soap; and he shall sit as a refiner and purifier of silver; and he shall purify the sons of Levi, and purge them as gold and silver, that they may offer unto the Lord acceptable sacrifices" (Malachi iii. 2, 3).

Both Houses of Israel.

Natural and Spiritual Israel are contrasted. The Lord through the Prophet Isaiah foretold that Messiah would bring a scope of stunning and for a rock of refuge to both the houses of Israel—Natural Israel, and to Spiritual Israel. We have seen how the first house stumbled on Palm Sunday—declined today. They stumbled because they knew the time of their visitation—they did not know that the time had come for the establishment of the Kingdom; hence they were not alert to their privileges and failed to be in the proper condition of heart to receive the blessings. Or, we might state the matter differently and say that those who did not know and did not accept Messiah were those whose hearts were not in the right condition, else they would not have been left in darkness (1 Thess. v. 4).

Many things indicate to us, now, that we are living in a time corresponding to that Palm Sunday. Many things imply that Christendom is now undergoing its great test, and that only the fully consecrated heart and life will be accepted of the Lord as his "elect" and be granted a share with Christ in his Kingdom. Many things imply that we are now in the time when the true people of God are being divided into two classes, as pictured for us by our Lord in the parable of the Wise and the Foolish Virgins. As only the Wise Virgins were prepared to enter into the marriage, so only the consecrated ones, the polished jewels of the Lord, will be accepted as the true people of God and be granted a share in the glorious resurrection change which will precede the great time of trouble, in which the Foolish Virgins class, although not of the world, will participate with the world.

That great time of trouble will usher in the glorious Millennial dispensation, in which the Church in glory with the Great Redeemer will put out upon all mankind the wonderful restoration blessings which God has promised by the mouth of all the holy prophets (Acts iii. 21-22). True, the Foolish Virgins may subsequently get the oil and subsequently have a glorious future, but they will lose the choice place of Divine favor and blessing. They cannot be of the "Bride" class, but will receive their blessing under the figure of "the virgins her companions that follow her" (Psalm xlv. 14).

It is in order for all of God's people who now get awake from the slumber of worldliness which has long stupefied them, to join hearts and voices in a great shout—the shout that the Kingdom is at hand! The shout of Hosanna to the Son of David! And that the time is at hand for the fulfillment of the passage, "Gather together my saints unto me, saith the Lord: those who have made a covenant with me by sacrifice. They shall be mine, saith the Lord, in that day when I come to make up my jewels" (individually) (Isaiah lii. 10).

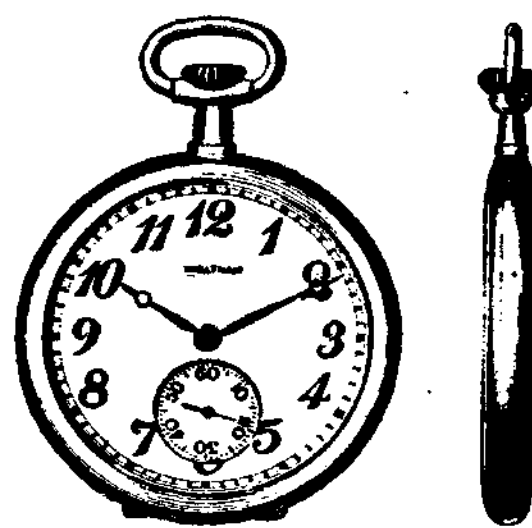

"See That Ye Refuse Not Him."

As the Jewish nation was not ready to receive Jesus as its King, on that first Palm Sunday, neither is Christendom now ready to receive him at his second advent. It was, only the "Israelites indeed," in whom was no guile, that then knew the voice of the Shepherd, so it will be here an individual matter. The Laodicean period of the Church's history is upon us (Revelation iii. 17). The Nominism of our day is fully portrayed by our Lord's words. Christendom boasts that she is rich and increased in goods and has need of nothing; and knows not that she is poor and miserable and blind and naked. The Lord now stands at the door and knocks. He offers himself to the "Israelites indeed." Ours is Palm Sunday in the highest sense of all. How are we receiving the great blessings which be- token the presence of the Master? Do we hear his knock? Have we opened our hearts? Are we searching his Word and listening for his voice and seeking to know and to do his will in all things? To all such very shortly, we believe, will come the greater and fuller Pentecostal blessing—the resurrection "change" from the glory of character merely to the glory of person as well, when we shall see our Redeemer as he is, and share his glory. As St. Paul says, "See that ye reject not him that speaketh from heaven." Greater light, greater privilege, greater blessing everywhere are ours than were those enjoyed by the Jews at our Lord's first advent. These privileges and blessings are our tests. Let us be faithful. Let us present our bodies living sacrifices and with renewed zeal seek to glorify our Lord in our bodies and our spirits, which are his (Colossians iii. 20).

Those who have the eyes to see and the ears to appreciate the voice now speaking from heaven should be alert to hail him Lord of all—to accept him as their Redeemer and King and voluntarily to present themselves to him and his service—not waiting for the time when he shall reveal himself in power and great glory to the world in general. The Lord is now looking for saints, for ever-ready, valiant, faithful, persevering, and thoroughly devoted to him, to his Cause of Righteousness, and thoroughly opposed to sin and especially active in overcoming his dominion in their own hearts. In their own minds, in their own bodies, such the Master pictures as his joint-heirs, priestly kings, sitting with himself in his Throne of glory and world dominion.

WALTHAM WATCHES

The Authentic American Watch

It is universally acknowledged that the United States has produced the best machinery in the World. American agricultural implements, electrical machinery, locomotives, clocks and Waltham Watches lead in the markets of the World. As long ago as the Centennial Exhibition in 1876, the Commissioner from Switzerland visited the Waltham Watch factory and picked out a watch at random from a lot of others. When he returned to Switzerland he told the Swiss Watch Manufacturers that not one Swiss watch in 50,000 would compare with that Waltham watch he had picked up haphazard at the Waltham Factory. A statement even more true now than then.

We advise you to buy a Waltham Watch adjusted to temperature and position and to buy only from a jeweler because he can regulate it to your personal habit and occupation. Never buy from Mail Order Houses. They cannot have the thorough knowledge or the equipment for regulating high grade watches.

Will Try Well Known Citizen for Breach of Promise in High School April 1.

Among the most successful and popular entertainments of the times are mock court trials given under the direction of an expert, Col. A. V. Newton, the well known lawyer-lecturer of Worcester, Mass.

Many cities have been greatly excited over them, as attested by the reports in the newspapers, and best of all, by the great audiences that have packed the largest halls to the doors, in many cases the interest being so great that every seat has been sold in advance.

One of these popular entertainments will be given under the auspices of the First Presbyterian Christian Endeavor Society, in the high school auditorium on Friday evening, April 1.

It will be presumed that one of our most respected and prominent citizens has been trifling with the affections of a young and beautiful widow of this town, and will have to answer to the breach of promise suit brought against him, and there will be fun without limit.

Indeed, it is safe to predict that it will be many moons before the walls of the high school auditorium will again re-echo with so much laughter as will be heard on that occasion. Additional interest will be created in the trial from the fact that a large number of our prominent people will be participants. All the rules of a regular court of justice will be observed.

Free speech is merely saying what we like to the fellows we know we can lick.

Humility is too often being proud of the fact that you have no pride.

Modern Dentists

Progressiveness is as necessary in dentistry as in other professions. Those who fail to keep step with progress must fall short in the service they offer at the same price we charge for up-to-date work.

The progress we make, however, is along rational lines, perfect safety and painlessness to the patient, maximum efficiency with minimum discomfort, these are the objects we constantly bear in mind and toward which we are constantly striving.

TROUBLE ENDS**

No Gas, Heartburn, Dyspepsia or
Headache Five Minutes After
Taking a Little Dia-

pepsin.

If you had some Diapepsin handy
and would take a little now, your
stomach distress or indigestion would
vanish in five minutes and you would
feel fine.

This harmless preparation will dig-
est anything you eat and overcome a
sour, out-of-order stomach before you
realize it.

If your meals don't tempt you, or
what little you do eat lays like a lump
of lead in your stomach or if you have
heartburn, that is sign of indigestion.

Ask your Pharmacist for a 20-cent
one of Paper Diapepsin and take a
little just as soon as you can. There
will be no sour risings, no belching or
undigested food mixed with acid, no
stomach gas or heartburn, fullness or
heaviness, feeling in the stomach, nausea,
debilitating headaches, dizziness or
intestinal stinging. This will all go
and, besides, there will be no un-
digested food left over in the stomach
to poison your breath with nauseous
odors.

Paper's Diapepsin is a certain cure
for out-of-order stomachs, because it
prevents fermentation and takes hold
of your food and digests it just the
same as if your stomach wasn't there.

Relief in five minutes from all
stomach misery is at any drug store
waiting for you.

These large 50-cent cases contain
more than sufficient to thoroughly
cure almost any case of Dyspepsia, In-
digestion or any other stomach dis-
turbance.

77TH ANNIVERSARY.

Mrs. Rebecca Rutledge, widow of the
late Col. W. D. Rutledge, and one of
Licking county's most highly esteem-
ed women, quietly celebrated the
77th anniversary of her birth at her
home, 140 North Fifth street, on Sun-

day, March 20, surrounded by her chil-

dren. Mrs. Rutledge is a daughter of

the late Samuel B. Sigler, a former

prominent merchant of Licking county,

but retired a few years before his

death. Mrs. Rutledge was born on a

farm in Franklin township, this county,

and had spent nearly her entire life

in that township. She has been an in-

valid for the past seven years, and

during the past six months has made

her home in Newark. She has many

friends in Newark and throughout the

county.

OLIVE TABLETS WILL CURE CON-

STIPATION.

Constipation may be called the
curse of America. Eighty per cent
of all people need laxatives often;
also need the liver regulated. Con-

stipation is not only uncomfortable,
but dangerous. Typhoid fever, ap-
pendicitis, neuralgia, headaches and
various other ailments are often

caused by constipation. Look the
facts squarely in the face. Don't you
need to help the liver and bowels

more than you do—don't you need
to take fewer chances? Use a mild
laxative, one that is designed to cure

constipation. Dr. Edwards' Olive
Tablets, the one effective substitute
for Calomel, act gently, yet firmly
and promptly. You can't estimate

their value until you try them.

These little Olive Oil and vege-

table tablets are the result of Dr.
Edwards' fifteen years' hard study
among his patients. Must they not
be good? Try them and see for your-

self. When you need a physic;
when you need something to drive
away that dull, torpid feeling, take

Olive Tablets, they will do it pleas-
antly and surely. At all druggists.
In neat 10c and 25c packages. The

In Woman's Realm

One of the most enjoyable events of
the past week was the St. Patrick's
day party Thursday evening, given by
Mr. Henry Gee at his home on Jeffer-

son street. Games furnished the
amusement of the evening and about
ten o'clock the guests repaired to the
dining room where supper was

served.

Those present were Misses Amanda
Smith, Gertrude McFarland, Florence
Palmer, Minnie Lanning, Macy
Ellinger, Grace Marvin, Messrs. Leslie
McMullen, John Wheeler, James
Brown, Lawrence Schaller, Harold
Steinman, Carl Armstrong, and the

host, Henry Gee.

Mrs. William Whitcomb very
pleasantly entertained a number of
her friends at her home in Riley
street, Friday afternoon. A two

course luncheon was served to the
following: Mrs. Wilson, Mrs. Frank
bury, Mrs. Snirk, Mrs. Perry, Mrs.
John Marvin, Mrs. John Wilson,
Mrs. Jennie Orr, Mrs. George Har-

way, Mrs. Jennie Harway, Mrs.
Sulzer. All departed for their homes,
wishing Mrs. Whitcomb a safe journey
to her new home in California to

which she goes on the first of April.

Miss Martha Lundy entertained her
Sunday school class and friends with
a St. Patrick party Thursday evening

and the guests were masked as Irish
leads in honor of the day. After a
short time was spent in guessing the

identity of each the evening was
pleasantly passed with various games
which all enjoyed very much.

About ten-thirty o'clock an elabo-
rate three course luncheon was served
to the following: Misses Edna Bright,
Bertha Tipton, Grace Wintermute,
Mildred Thompson, Mable Norman,
Lola Swartz, Eunice Huffman, Miss

White, Miss Emmie Kelneth, Miss
Bessie Baker and the hostess. At a
late hour all departed, bidding each
other many happy returns of the day.

A very pleasant party was given at
the home of Mr. and Mrs. James S.
Stone, 110 West Locust street, last
week in honor and respect to Charles

Z. Harter, a former employee of the
Fenhandle railway company, by his
associates, while he was employed
with that company. The evening was

spent with cards and music, after
which a delicious lunch was served,
with toasts given to his future success.

Among those present were: Miss
Christine M. Kuppinger, Miss Flo-
rence Harter, Miss Georgia Sanderson,
Mrs. C. Sabrian, and Messrs. Charles

Z. Harter, Fred J. Woodcock, Lloyd
E. Keil, John Riegger, and Mr.
Workman of Mansfield, O.

The members of the Monday Talks
convened this afternoon in the library
room of the court house and dis-

cussed the following program:
A Cruise to the Islands, Orkney,
Shetland, Hebrides and Skye—Miss
Josephine Roche.

Across Country to Inverness, Down
the Caledonian Canal to Oban and
Glasgow—Mrs. F. S. Wright.

The Land of Burns, Through Aye
to Dumfries—Mrs. Robbins Hunter.

The next meeting of the club will
be held at the usual meeting place on
March twenty-eighth and will be the
last meeting of the club this season.

The Monday Sewing club met this
afternoon at the home of Mrs. Howard
Jones in First street and a few pleas-

ant hours were spent with the needles
followed by the serving of a dainty
collation. The guests of the club were

Mrs. Charles Brown, Miss Helen
Jones, Mrs. C. W. Miller, Miss Mame
Miller and Mrs. Edward Miller.

Mrs. Jesse D. Elliott is this after-
noon entertaining the members of her
sewing club at her home in Hudson
avenue.

Hetuck Chapter Daughters of the
American Revolution will hold a
meeting on Thursday of this week at
the home of the Misses Lisey in
North Morris street.

Saturday afternoon Mrs. Howard
Jones of South First street enter-
tained a few friends informally, a

bride and the honors of the
game fell to Miss Mame Snucker,
Mesdames W. E. Wright, J. H. Frank-

lin, Robbins Hunter, W. C. Gardner,
J. S. Elliott, Edward King, Miss
Snucker and Miss Adele Henking of
Gallipolis composed the group of
players.

Mr. and Mrs. Reese H. Jones enter-
tained at their home in West Church
street on Sunday with a family din-

ner. The hour was one o'clock and
the dining room was electrically

lighted with Chinese lamps. The
table appointments were delightfully
attractive in the chosen colors of
green and yellow, these being prettily
arranged in the floral decorations and
in the place cards. Unique shaped
connection boxes were the favors.

An elaborate turkey dinner was
served the following guests: Mr. and
Mrs. Tins Jones and family of Luray,
O., Mr. and Mrs. Tom Jones and fam-
ily, Mr. and Mrs. Scott Evans and
family, Mrs. Margaret Jones, Mr. and
Mrs. I. S. Wells and children Allan
and Helen of Chicago Ill., and Miss
Louise Jones.

WILLIAMS-HAYES.

Saturday evening at 7 o'clock Rev.
L. C. Sparks joined in wedlock Mr.
Leon Williams, a glass worker of
Ticon, and Mrs. Frank M. Hayes, re-
siding at the same place. The cere-

mony took place at the home of Mr.
Sparks, 88 North Fifth street. The
happy couple will live in Ticon.

CLEARY-JOURDON.

Mr. Roy Cleary, an employee of the
L. & O. company, and Miss Grace
Gettrude Jourdon were joined in wed-
lock at the new Methodist parsonage,
88 North Fifth street on Saturday eve-

ning, Rev. L. C. Sparks officiating.
They will make their home in this
city.

ANNIVERSARY

SUCCESSFULLY

CELEBRATED

The seventh anniversary of the in-
stitution of the Newark council of
the United Commercial Travelers,
held in this city Saturday, wound up
in a blaze of glory Saturday night.

The entire affair, judging from any
point of view, was a pronounced suc-
cess. The entire program, as an-
nounced, was carried out Saturday af-

ternoon without a hitch.

Following are the candidates who
were initiated into the council:
Messrs. H. R. Neely, Jerome Ferguson,
L. D. Beaumont, C. H. Forry, C. M.

Hoover, C. V. Keller, W. Carl Rice,
and C. A. Wark of Newark; H. M.
Black of Granville, W. W. Doup, J. C.
Bockoven, C. F. Painter, C. G. Douds
and C. W. Snyder of Mt. Vernon.

After the initiation the following of-
ficers were elected for the ensuing
year:

Senior Counselor—Harry Rossel.
Past Senior Counselor—D. H. Als-

nach.
Junior Counselor—George M. Roley.
Conductor—E. J. Jones.

Page—Bert Asabrook, Granville.
Sentinel—W. F. Hale.
Secretary-Treasurer—A. Black.

Delegates to the Grand Council—D.
H. Alsbach and T. M. Rugg.
Alternates to the Grand Council—
F. L. Beggs and M. P. Ashbrook.

The officers were installed into
their respective offices by Past Coun-
selor T. M. Rugg.

The work was concluded about 5:30
o'clock when an adjournment was
taken and all repaired to Assembly
hall where they found their wives
and sweethearts in waiting. Then

came the entertainment of the even-

ing and never was there a happier
time than that given by the United
Commercial Travelers on Saturday

evening. Marsh's orchestra rendered
several selections in a manner that
elicited favorable comments from all
present.

The banquet which was served by

Joseph Kuster Jr. at six o'clock, was
one never to be forgotten and the
banquet committee is certainly en-

itled to a word of praise. Probably a
more elaborate affair was never given
by the local council. After full jus-

tice had been done to the spread, Mr.
Harry Rossel as toastmaster, intro-

duced Grand Senior Counselor W. L.
Whitaker of Columbus, Mr. Whitaker
is one of the cleverest after dinner

speakers possible and he never fails to
make a hit when he takes the floor. He
spoke on the great benefits derived by
the United Commercial Travelers
from an insurance and social stand-

point.

At the conclusion of the banquet
dancing was aged in and continued
until a late hour when those present
departed for their homes, the mem-

bers feeling that much good will come
to the council as a result of this meet-

ing and the ladies all feeling that they
had had one of the most enjoyable
times of their lives.

The Powers, Miller & Co.
NEWARK'S BIG DEPARTMENT STORE

CHANGES MADE IN ARCADE AND UNION BLOCK

J. M. Browne, Sons' Grocery is to occupy Union Block, Arcade and Church streets.

The large room east of the Stewart Brothers & Alward store in the Arcade and Union block, formerly occupied by Hoad's, has been divided into two rooms and will be occupied in a short time.

The J. M. Browne Sons' grocery will occupy the alley room, fronting on the Arcade and Church street, being 118 feet in length and 29 feet wide. The west half will be subdivided into two rooms, the American Talking Machine Co. having leased the Church street end, while the Dana-Cates-Simpson Company, a new wholesale cigar company, will occupy the remaining portion of the building.

These changes make possible the execution of the Arcade Realty Company's original plan to divide the room, that has been occupied by the Brown grocery. The changes in this room will soon be made.

The north wall of the Busy Bee confectionery store will be removed, thus throwing a part of the Browne grocery room into the candy store and giving the Busy Bee a room the same size as the Brown drug store. Two additional partitions will be built in the Browne room, making that store room into three Arcade rooms, one facing Third street and the Arcade, the others fronting on the Arcade. One of the smaller rooms will be a little larger than the U. O. Stevens cigar store; another will be somewhat larger than Remillet's jewelry store, while the Third street room will extend 75 feet on the Arcade, the west wall being 18 feet west of the Third St. Arcade balcony.

The alterations in the Arcade and Union block will be completed this week, after which the changes in the Browne grocery room will be made. The changes will give the Busy Bee store twice as much room as it now has, and will provide space that has been long needed. The proprietor, Mr. Vatsures, has already ordered new furniture and fixtures, and when work is finished he will have one of the best and most inviting candy stores in Ohio.

The room into which the Browns will move is much better adapted to the grocery business than the present location. The room is on an alley and faces two streets. It will have electric elevator service to the basement and have much larger floor space than the old location provides. Another advantage to this firm is that it secures the additional valuable features referred to without changing location, for the grocery will still remain a part of the chain of Arcade stores.

The Arcade Realty Company has not yet announced what is to go into the space the Browns will vacate, but it is understood that two of the three rooms are as yet not rented.

After a heavy meal take a couple of Dean's Regulents and give your stomach, liver and bowels the help they will need. Regulents bring easy, regular passages of the bowels.

COMPLIMENTS MR. FRANK LINKE

(Thornville News.) Mr. Frank Linke was recently elected president of the Powers-Miller Company, of Newark. Mr. Linke's business career is remarkable and shows what a young man of ability and never tiring energy can do. Several years ago he entered the employ of this company as a buyer in one of its departments. Soon he was promoted to assistant manager, last year was elected vice president and this year placed at the head of Newark's big store. The people of this place and vicinity will be interested to learn of Mr. Linke's success, as his wife was formerly Miss Buelah Shrider of this place.

Gold Dust the composite cleanser

We would be forced to enlarge our factories many times if Gold Dust was used for ALL the purposes in the homes where it is already used for SOME purposes.

When you use Gold Dust—the composite cleaner—you do not need to use borax, ammonia, kerosene or naphtha.

Please read the directions on the package.

Gold Dust is safe, economical and harmless to hands or fabrics.

OBITUARY

HARRY C. JOHNS.

Harry C. Johns, aged 39 years, 3 months and 7 days, passed away at his home, 16 Webb street, Sunday morning at 4:40 o'clock, after a short illness dating only from last Thursday, caused by obstruction of the bowels. The deceased was a B. and O. engineer, and was prominently identified with the B. of L. E. B. of L. F. K. of P., Maccabees, Tribe of Ben Hur, and the Ancient Order of the Mystic Chain. The first three orders will have charge of the funeral services, which will be conducted by the Rev. W. W. Trout at the late home Tuesday at 2 p. m., followed by interment in Cedar Hill cemetery.

Mr. Johns has been a highly respected resident of Newark for 17 years. He is survived by a wife, Mrs. Nellie Johns, two children, Sheldon, aged 14 years, and Ruth, aged 8 years, and his parents, Mr. and Mrs. Augustus Johns and two sisters, Mrs. Alice Johnson and Miss Jessie Johns, all of Columbus.

SISTER

OF MURDERED GIRL ARRESTED AT AKRON WHERE SHE HAD SECRETED WORK.

Will be Taken Back to Massillon to Answer Charge of Murder by a Deadly Drug.

Akron, March 21.—Catherine Manse, the 14 year old sister of Elizabeth Manse, found dead, supposedly of strychnine poisoning, at her home in Massillon, Friday, was held by the police at 10 o'clock this morning at the B. F. Goodrich rubber factory here, where she had obtained work under the name of Ethel Morgan. She admitted her identity.

Chief of Police Ertle of Massillon, came here from Massillon when informed of the capture and arrested her on the charge of murder by a deadly drug.

At police headquarters she said that she had gone to the home of a friend when she came to Akron Friday night. Her friend would not let her stay all night, she said, but sent her to the home of another friend nearby, where she spent the night.

EARLY MORNING SPIN FOR GIRLS PROVES COSTLY

A ride in a taxicab that Hazel Holbrook and Ethel McGuire took early Sunday morning proved rather costly for the girls for they handed Mayor Atherton \$15 this morning when given their hearing in police court. The girls, who reside on Walnut street, ordered the taxi and were spinning about the district when Officer Gorman stopped the cab with a waiver of his club and took them in tow. In police court each of the women were given a fine of \$5 and costs.

LOOKING FOR WORK.

While waiting their beat near the Heisey glass factory at 1:10 this morning, Officers Petry and Morrison found two young boys asleep in a sheltered nook and they were sent to the city prison for the rest of the night. The boys, who gave their names as Edward Martin and James Gold, are 15 and 19 years of age, and came to Newark from Steubenville in search of work. Both had been employed in a sheet mill in that city when a strike threw them out of work. They told the court if unable to find employment here they were going to Zanesville and then to Columbus. As they were clean cut young fellows and told a straight story they were dismissed.

HALF DOZEN DRINKS.

Half a dozen drinks arrested since Saturday morning were given fines ranging from \$1 and costs to \$5 and costs. When asked where they got their intoxicants they stoutly maintained that they drank nothing but near beer, but one said he drank whiskey but he didn't remember where he got it. Officers Gorman, Sutton, Moore and Captain Bell made the arrests.

CLEANING COURT ROOM.

The police court room at the city prison is being cleaned from top to bottom and will be greatly improved by new paper and paint. Court this morning was held in Turnkey Hager's office.

THE DR. BOYD TONIC

Health and Good Looks — Yours to Command

You'll feel the glow of returning health, bringing beauty to face and form, immediately you begin to take The Dr. Boyd Tonic.

If you are losing flesh or are too thin;
—If your complexion is dull, sallow or pale;
—If you feel tired and exhausted;
—If you are not as strong and vigorous as you should be;
—If you want to look better and feel better;
Nothing else will give you the building up you need like

The Dr. Boyd Tonic An Invigorant—Not a Stimulant

Nothing could be more positive or immediate in effect. As a nerve and tissue builder, for filling out the figure and giving firmness to the flesh, it is unequalled. And through its rich, red blood-making properties, it gives a better color and a finer texture to the skin. You simply cannot help but feel better and look brighter, from the minute you begin taking it.

Besides, The Dr. Boyd Tonic is *real* health insurance. By building up the system from head to foot, it gives a robustness making ailments impossible and overcoming disease.

Surely it will do for you what it is doing daily for hundreds of others.

"I Am Growing Plump"

A lady living in Hyde Park, Cincinnati, writes:—"I wish to tell you that the Dr. Boyd Tonic has done wonders for me in general. At any rate, I am a new woman since using it. My whole system was in a most unusual and wretched condition. I seemed to exist mechanically rather than as a human being. I could not tell heat from cold or detect the difference between sugar and salt. And work as I might, I could not get into a perspiration. I did not sleep well and felt wrong every way. Now all is changed. Even my face is as smooth as a girl's and I eat and sleep like other people. I am growing plump and have the fine color I used to have. My nerves are now in splendid condition and I sleep like a top."

A three weeks treatment of this great tonic costs \$1 at druggists, or will be sent direct promptly. But first ask for it at your druggists. Take no substitute, as there is nothing else like it.

Get The Dr. Boyd Tonic today—begin living tomorrow.

YOUR LIVER NEEDS HELP

When your liver is out of order you feel bad all over. You know at once that your whole system is off color—you are bilious.

This condition is due primarily to Constipation and indigestion. The bile does not flow freely into the intestines, but is taken up by the blood and carried throughout the body, causing a direct poison, and giving rise to bilious headaches, dizziness, itching rashes and bones, chilliness, nervousness, indigestion, constipation, flatulence, bad taste, salivary mucus, often followed by jaundice.

To overcome and prevent these bilious attacks you must see that your bowels are working right and regularly. There is no better remedy than POTOSOTE. The Compound Mineral Water. It acts directly upon the liver and gall bladder, and forces the accumulated bile into the intestines, and from there is washed out by the free action of the bowels. Potosote acts naturally, without griping or pain and never leaves you exhausted or nauseated. POTOSOTE is Nature's remedy—the powdered substance of the famous mineral waters. Dissolve a teaspoonful in a glass of water, and drink it just as you would at the springs. It is palatable, always fresh, convenient, economical.

At all drug stores—3c package. The Potosote Co., Canton, O.

WANTS HER LETTER PUBLISHED

For Benefit of Women who Suffer from Female Ills

Minneapolis, Minn.—"I was a great sufferer from female troubles which caused a weakness and broken down condition of the system. I read so much of Lydia E. Pinkham's Vegetable Compound had done for other suffering women I felt sure it would help me, and I must say it did help me wonderfully. My pains all left me. I grew stronger, and within three months I was a perfectly well woman."

"I want this letter made public to show the benefit women may derive from Lydia E. Pinkham's Vegetable Compound."—Mrs. JOHN G. MOLDAN, 2115 Second St. North, Minneapolis, Minn.

Thousands of unsolicited and genuine testimonials like the above prove the efficiency of Lydia E. Pinkham's Vegetable Compound, which is made exclusively from roots and herbs.

Women who suffer from these distressing ills peculiar to their sex should not lose sight of these facts or doubt the ability of Lydia E. Pinkham's Vegetable Compound to restore their health.

If you want special advice write to Mrs. Pinkham, at Lynn, Mass. She will treat your letter as strictly confidential. For 20 years she has been helping sick women in this way, free of charge. Don't hesitate—write at once.

S.S.S. NATURE'S CURE FOR BLOOD POISON

Not only its proved ability to cure, but its absolute safety as a remedy has made S.S.S. the most desirable of all medicines for the treatment of Contagious Blood Poison. S.S.S. is made entirely of roots, herbs and barks of the forests and fields. It does not contain a particle of mercury, or any other harmful mineral to injure the delicate parts of the system, or impair the digestion, corrode and irritate the lining of the stomach, or in any other way injure the health. It is Nature's blood purifier, and in its action and certain in its good results. S.S.S. removes the poison from the circulation, enriches the blood, and safely and surely cures Contagious Blood Poison. It builds up and strengthens the system by its tonic effects and leaves the patient not only cured of the disease, but stronger and in better health in every way. If you are suffering with Contagious Blood Poison S.S.S. is your most certain reliance; an honest medicine, and because of its vegetable purity, a safe treatment for any one. We have a special book on home treatment which explains fully the different stages of the disease, also suggestions that will be helpful to you in the treatment of your case. We will be glad to send this book together with any medical advice desired, free to all who write.

DANA-CATES SIMSON COMPANY IS ORGANIZED

New Company for Manufacture of Cigars to Have Main Office in This City.

The Dana-Cates-Simson Company, which was incorporated in Ohio a few days ago for the manufacture of cigars, with a capital of \$50,000, will have its general offices in Newark.

The new company has elected officers as follows: President, W. H. Dana, Dallas, Tex.; first vice president, J. M. Cates, Birmingham, Ala.; second vice president and treasurer, D. J. Simson, Newark, O.; secretary, Wilbur L. Stanton, Newark.

Mr. Simson, who has been managing the Central Ohio Cigar Company, of this city, for some time, said Monday that the new company has purchased a factory building at Ironton, O., and will begin the manufacture of high grade cigars there about May 1. The main office, which is to be located in the Arcade, is to be in charge of Mr. D. J. Simson. The Birmingham office will be under the management of Mr. Cates and the branch office at Dallas will be under the direction of Mr. Dana.

INSURGENTS

(Continued from Page 4.)

and were shouting in the aisles when Burleson, a few minutes later, pressed for the adoption of his resolution. Henderson of Illinois followed his way from the rear, selling at the top of his lungs:

"Vote on it; show your colors; what's the matter with you? Question!"

He was jostled about, but kept on until he reached the front of the House where he continued his cries for a vote.

Norris, in front of the desk, was demanding recognition and a vote on his motion to adjourn. From all parts of the Democratic side came cries:

"Withdraw it, withdraw it; let's put him out now."

Just as vehement were the shouts:

"No, don't withdraw it; stand pat!"

There were loud cries from the Republican side when the Democrats voted against an adjournment. Some of these cries came from regular Republicans, who began to feel that the insurgents would join them on the question of throwing Johnson out.

Harbingers of Democratic Success.

Democrats are describing the victory as one tending toward good government and a harbinger of Democratic success in the next national election. Regular Republicans said the Democrats had weakened their issue of "Cannonism" and that the House is left with a good working Republican majority.

Insurgent Republicans said they had won a great fight for a great principle. These statements epitomize the opinions of the three shades of party politics in the House.

Leaders Issue Statements.

Majority Leader Payne made this statement:

"The Democrats again have demonstrated their incapacity to take advantage of a situation. They have weakened the issue of 'Cannonism' if they have not destroyed it altogether. The House is left with a coherent Republican majority, which will enable us to pass the legislation that President Taft has been urging upon Congress."

Minority Leader Champ Clark issued the following:

"The great victory of the Democrats, aided by the insurgent Republicans in changing the number of the committee on rules and in changing the mode of selection, and, above all, by excluding the speaker from the membership thereof, is a victory in the cause of good government."

"The great victory from a Democratic standpoint is that for the first time in many years the Democrats in a great, bitter and prolonged fight, stood together like a stone wall, not a man breaking ranks, which augurs well for future harmony and victory, both in the congressional elections, and in 1912, in both the presidential and congressional elections. The country is dissatisfied with both the Republican administration and the Republican Congress."

HOW THE OHIO MEMBERS VOTED

Washington, March 21.—Smarting under the taunts of Speaker Cannon, over-zealous Democrats helped the man whose wings the progressive Republicans had just clipped and upon whom had been inflicted a most humiliating and crushing blow, to snatch at least some semblance of victory from utter defeat.

He a vote which at one time was a clear majority of 40 against the speaker, when the House, by a vote of 195 to 155 adopted the substitute for the Norris resolution, creating a new committee on rules, composed of ten members from which the speaker was excluded in terms, the situation changed in the twinkling of an eye.

The speaker demanded that the new committee which controlled the House against him should assume the responsibility, declare the office of speak-

IMPROVEMENTS AT CHICAGO JUNCTION FOR B. & O. ROAD

The B. & O. railroad has awarded a contract for the construction of an extensive freight terminal at Chicago Junction, O., on the main line of the Chicago division, which will be the largest terminal west of Brunswick, Md., and the second in size on the system. The improvement will cost in round figures \$1,500,000 and include a gravity, or "hump," classification yard having a capacity of 3,500 cars, with necessary yard buildings, scales, etc., and a reservoir of 200,000-gallon capacity, perhaps the largest ever built for railroad use.

The new freight terminal will contain receiving and classification yards for eastbound and westbound traffic, the capacity of the former being 2,000 cars and the latter 1,500 cars.

Chicago Junction being the terminus of the Chicago and New Castle divisions and situated at the intersection of the Newark division lake line to Sandusky, is the most important locomotive terminal on the B. & O., and for this reason the reservoir will be constructed sufficiently large to supply water for the engines of all three divisions.

It is estimated that 95,000 cubic yards of excavation and 4,500 cubic yards of concrete will be necessary in constructing the terminal. The contract has been awarded to the Robert Gray company of Cleveland. Work will be started at once and completed as early as possible.

There were 49 people killed on the railroads in Ohio during February 15 on steam and four on electric. There were no passengers in the number. Three were travelers at grade crossings, 22 trespassers and 24 employees.

COL. CLEM GRATEFUL TO CONG. ASHBROOK AND OTHER FRIENDS

CHIEF Rosebrough is in receipt of a letter from Colonel John L. Clem, chief quartermaster of the department of Texas, U. S. Army, at San Antonio (Fort Sam. Houston), Texas. The colonel expresses his thanks to the many friends for the interest they are taking in his promotion to a five brigadier general. As colonel he can retire with this rank at any time, but would like to serve as an active officer. Colonel Clem has until August 15, 1915, to serve as an active officer when he will then be retired by law. He thanks the dear friends, the G. A. R., the U. S. W. V. and all his home friends, among whom he mentions Hon. Wm. A. Ashbrook, member of Congress, for securing the Ohio delegation in congress for him. That "Old Ohio warrior," Hon. J. Warren Keifer, also paid the colonel a tribute in congress on February 25 or which he is justly proud. The Advocate feels that it expresses the wish of every reader when it says make "Little Johnnie Clem" a brigadier by all means, Mr. President.

or vacant, and proceed to the election of a new speaker. It was a typical Cannon bluff. The dodge was a transparent one, but Burleson, Democrat of Texas, bit just the same. The progressive Republicans met the situation with dignity. They saw the trick. They had not yet voted to depose Cannon, but to strike at the system which Cannon and Cannonism represents. Some of the Democrats saw the design and Shierley of Kentucky proved his astuteness by moving to adjourn.

Norris who precipitated the great struggle which has agitated the House and the country since 2 o'clock Thursday afternoon, saw the trick and tried to evade it. But Burleson of Texas, ventured when others feared to treat, and, stung and quivering under Cannon's taunts, countered the resolution in question. To vote on the Burleson motion was 151 to 154 against.

Ohio's share in the performance, dismally in its impotence, will naturally be subjected to the closest scrutiny in home quarters. The Ohio members had to play their part in the struggle between the supporters and the opponents of Cannonism.

When the preliminaries were being fought out, that appeared not at all in the ranks of the insurgents. Resolution provided for a recess of an afternoon and the support of the 60 Republicans. The Ohioans explained it on a ground that, as Republicans, they agreed to see an am-

leaded agreement reached, which would prevent an out-and-out declaration on the real question at issue. In various terms the real issue was presented. Then, for the first time, Taylor, Johnson and Howland went off the reservation. The first motion to adjourn was lost by a vote of 151 to 154. The three Ohioans on this question voted with the progressives. They had landed on the winning side.

Hollingsworth joined the anti-Cannon forces. It was on the vote that resulted in the adoption of the Norris substituted by a vote of 150 to 155, the biggest anti-Cannon vote that was cast during the day. Douglas, who hadn't shown any symptoms of irregularity throughout the contest while this preparation was under discussion, speeded in appreciating three minutes of Norris time to exhibit his position. He was opposed to the Norris resolution, but he would vote for the Martin resolution, if he had a chance. The Martin resolution provided for a recess of ten days from which the speaker should be eliminated after March 2, 1911. That, said Mr. Douglas, was to his liking, and he would support it by his vote. He should get the chance, he said, to fight and win. It was understood, the conflict was not going to this stage, he settled himself calmly back in his seat and looked on the regular Republicans throughout the day.

Again the hour of speaking was opened to those who wished to vote with the progressives when the Norris resolution, as amended by the substitute, came before the House. It was adopted by a vote of 151 to 155.

Hollingsworth, Taylor, Johnson and Howland were among those who all on one, hastily passed from the "regular" ranks and the other 150 Republicans were swallowed up among the 155.

None of the Ohio Republican congressmen voted for the Burleson resolution. Not a mother's son of them would stand for it. They looked upon it as a political play with which the insurgents themselves, except those of most radical character would have nothing to do.

Langworth, Gochel, Keifer, Ken-

edy and Thomas never had any serious intention to vote against Cannonism. Douglas did not get the opportunity to vote with the progressives after his own fashion, therefore desisted, wanted to, but couldn't because his hands were tied. Cole and Joyce forgot about it. Hollingsworth, Taylor, Howland and Johnson, went on record against Cannonism when they saw which way the bandwagon was heading.

And there you are. Such is the part played by the Ohio Republican members in the dramatic political struggle which has just passed into history. The care not to make additional comment of consequence. They believe that their actions speak for themselves.

NOT A "CURE-ALL"

Separate Remedies, Each Devised for the Treatment of a Particular Ailment.

There is no "cure-all" among the Rexall Remedies. There are different and separate remedies, each one devised for a certain human ailment or a class of ailments closely allied. For instance, Rexall Dyspepsia Tablets are recommended for the positive relief of stomach irritation, indigestion, flatulency and dyspepsia. They are rich in Bismuth-Subnitrate, Pepsin and Carminatives. They are prepared by special processes, which perfect and enhance the great remedial value of these well-known medicinal agents. This remedy sells for 25 cents, 50 cents, and \$1.00 per package. Every one suffering from stomach disorder should try Rexall Dyspepsia Tablets, inasmuch as they cost nothing if they do not satisfy.

Remember, Hall's Drug Store, 10 N. Side Square, is the only store in Newark where these remedies may be obtained, and every one in need of medicine is urged to investigate and take advantage of the frank and generous manner in which they are sold.

Easter Showing

Only before Easter Preparations this season have been most extensive in every department, all the latest and most exclusive style features being displayed on our counters. Our buyer, who has just lately returned from the markets, exerted himself to the utmost in securing only the newest and most fashionable goods, and as a result, you are assured of securing nothing here but Dame Fashion's most correct style tendencies.

Easter Neckwear

Our most beautiful showing in this department embraces all the new things in French and Dutch Collars, Cape Collars of dressy and negligee type, Jabots, Band and Handkerchief Collars. An offering of more pretentious character than you have ever seen here before.

Easter Gloves

Your new Easter Suit would not permit you to feel perfectly dressed unless you had on a pair of new gloves from this store. Extra values now in the kid and lighter weight gloves, in the correct colors for spring and to suit your apparel. You will find prices most low here, in consistency with quality offered.

Easter Suits and Coats

We are not surprised at the popularity of our Suit Department this spring. It is attracting much more than passing attention from people who have heretofore neglected it. The showing is replete with the newest spring styles that have the stamp of approval from the most critical dressers, together with the approbation of the arbiters of fashion in the style centers of the world. Our garments hail from many different sources, giving our trade the opportunities of gratifying themselves in the selection of seemingly trifling details that make up distinction.

The Separate Coats

In both short and long models have been selected with no less keen discernment of the demands of our community. They are offered in a range of material, trimming and elaboration so extensive that every taste can be gratified at a very reasonable outlay.

BRICK MAKERS ORGANIZATION STATES FACTS

Safe and Sound Building Their Strong—Frightful Fire Losses and Their Remedy.

The convention at Pittsburg of prominent brick manufacturers from all over the country has left its mark on those who, returning to their home cities and daily tasks, cannot forget the importance to the nation of the action there taken to improve our communities and reduce fire risks.

Interviews with these men make most interesting reading, the bald facts being of sufficient force to compel attention.

Government reports in the department of Geological Survey show that we citizens of the United States burn up buildings of almost as much value in a year as those we construct, and that most of them are frame buildings; also, that unfortunately, thousands of people who never dream of danger are burned up with them, on short notice.

The recorded fire loss of 1907 was over 215 millions of dollars, but that was less than half what the fires cost us, because fire protection costs us nearly 96 millions and we paid to the insurance companies almost 146 million dollars more than they paid back for losses, a total of \$457,000,000.00 net loss.

Besides these appalling figures, more than half the total loss by fire was not insured and is a dead loss to the victims and to our national prosperity.

None of these figures represent the loss to commerce by interference with business, wages lost through the hundreds of thousands thrown out of employment, and similar disturbance of the processes of creating wealth.

Still more instructive are the figures which show that in the cities, where frame construction is relatively scarce, the loss on wooden buildings is ten million dollars greater than all the losses on more solid constructions, besides being responsible for most of the fires that spread beyond the buildings in which they started; whereas in smaller towns the loss on wooden buildings is four and a half times as great as on all others, totaling some \$5 millions of dollars.

These established facts are enough to interest any man in the material of the buildings he lives and works in, and the brickmakers say that brick built Europe proves that the remedy is in building America with brick instead of wood. They point to a comparison of equal populations in certain cities of Europe and America, showing that the European fire losses are in the proportion of 27c. per capita against \$2.14 per capita in the United States, whereas the European fire departments cost little to maintain, and insurance rates are so low as to be relatively negligible.

We burn up \$600,000 a day—\$25,000 every hour of every day the year around, and a lot of people, too, by our neglect of bricks. These brickmakers have combined to tell the public about the economy of brick buildings, and that the high cost of lumber has made it actually cheaper to build and maintain a brick house than a wooden house.

Our trees are fast disappearing and we need them where they grow to stop floods, prevent droughts and preserve animal life.

Our clay banks are inexhaustible and their change into brick, the only building material which is made by fire and can be depended on to resist fire, harm no one, while in these days of better domestic architecture the resemblance to picturesque England which could be brought about by constructing our towns and villages of brick, as the English do, would not be the least of the benefits that would accrue to our children and our children's children.

WARNING

Beware of the people who offer prizes in order to sell their Pianos. If you want a Piano, go to a legitimate dealer and buy it; if you want a watch, go to your home dealer and buy one; if you want an Organ, buy it from your home dealer and not from a faker; if you want a phonograph, buy it from a reliable dealer. If there is anything on earth that is disgusting, it is the faker who is always trying to deceive the public. It does not make any difference if you solve the Rebus correctly or not, you will get an insignificant prize. I believe that the good people of Newark have been humbugged so often that they will soon see that these kind of fakers should be put down on and fired. We know who is running this kind of business, and if the business men of Newark would take hold of this kind of business we would soon get rid of them. However, it is up to the people to be on their guard and pay no attention to such methods.

GRANVILLE

Granville, March 21.—The pulpit of the Baptist church was occupied Sunday morning by the Rev. T. G. Field and by Mr. Hill in the evening. Large congregations were in attendance at both services. Both Rev. Mr. Field and Mr. Hill preached eloquent and instructive discourses.

It is quite probable that the only way we will ever get a full expression of the people of Granville as to whether they want a sanitary sewer system in the village or not, is by a direct vote of the people. It is not for several persons to say, but all must have an equal voice in the matter. And so ends the sewer question for the present.

A number of Granville people have been complaining during the past few days of a sleepy feeling. Perhaps that new comet's tail is switching them in the eyes.

Mrs. Christy, with her daughter and son of Akron, O., have been visiting Mr. and Mrs. Traylor for a few days.

Miss Adella Williams of Columbus visited friends and relatives in the village Sunday.

The indications are that the pain-killers and pepper hangers of Granville will have one of the hottest seasons this spring that they have had. There are already rumors of wars, which is a mighty good sign at this season.

Mr. E. J. Dorsey is quite ill at his home on Broadway.
